The seminar is an excellent opportunity for supervisory and safety support personnel to improve their safety management skills by learning about the latest approaches for enhancing health and safety in the workplace. There will be exhibits of mine health and safety-related resources and training materials. Exhibitors include government and industry vendors. This year's program is a mix of safety management topics of timely interest. If you only attend 1 seminar this year, make it this one.

[Previous Years Topics Have Included:](#)
